

HOSTED COLLABORATION SOLUTION

BY 2022, IT IS ESTIMATED THAT 41% OF EMPLOYEES WILL WORK FROM HOME

So it's time to start thinking about a cloud-based voice solution that will help your staff engage to the fullest. Leverage all of the benefits of Hosted Collaboration Solution without the cost of overhead while receiving the quality you can expect from NIC Partners.

WITH NIC PARTNERS HOSTED VOICE

YOU TRULY CAN HAVE IT ALL

Have all of the benefits of Cisco Unified Communications without having to pay for the infrastructure up front. We'll handle the engineering, implementation and upgrades.

YOU GET A NEW MEANING FOR SUPPORT

Pay-as-you-go specialty engineers offer 24X7X365 support for Hosted Collaboration services. We'll work around the clock to ensure your phone systems never go down.

YOUR CONTRACT MANAGEMENT IS EASY PEASY

NIC Partners will provide a single point-of-contact and manage your contract and license expiration for you so your coverage is always current, active and easy to access.

BENEFITS OF NIC PARTNERS HOSTED CAFE:

- Single-number reach for customer convenience
- Full menu of Unified Communications options available giving you more communication choices
- A La Carte options for specialty business needs including fax, E911 and auto attendant
- Extension adds, deletes and changes included for optimal convenience
